- (ii) The financial burden of the payment of salaries of majority of the employees falls on the college management.
- (iii) The research articles published in top rated national/International journals or books published by leading publishing house are very few among teachers in different departments.

- (iv) Being located in the thickly populated area leaves no scope for further expansion except within the campus.

For this, we need to introduce more innovative/ Interdisciplinary/Add-on courses. The faculty needs to be encouraged to take up research work in their respective fields.
- (ii) Developing soft skills among socially and economically backward students with low aptitude in language and quantitative skills.
- (iii) Reputed Govt. College in the surrounding area provides economical education to girls. Therefore, majority of students shift to Govt. Colleges.
- (iv) To focus on employment generation through entrepreneurship.
- (v) To generate resources for up gradation of infra structure through government funding and NGO's.
